Sr. Supply chain manager (Swiggy, Dunzo Butterfly, Hind ware, Hilti)

Wheelocity Fresh Pvt Ltd / Hyderabad medchal kandlakoya near Orr hanumanu temple plot no 568 / November, 2021 - Present

Responsibilities

Analyze data from shipping and delivering processes to find bottlenecks and other issues

- Evaluate and report on KPIs
- Monitor logistics to make sure they run smoothly
- Maintain supply chain inventory and records
- Train and guide employees
- Find cost-effective solutions for supply chain processes
- Resolve issues that come up (e.g. delays in delivery, accidents)
- Collaborate with other departments to create coordinated plans for business growth
- Develop and implement safety guidelines in all aspects of the supply chain (e.g. use of trucks, forklifts)
- Ensure supply chain processes meet legal requirements and standards
- Communicate and negotiate with suppliers and vendors to land more profitable deals
- work with procurement managers and buyers to source the right products
- negotiate contracts with suppliers and customers

Sr. Supply chain manager (Swiggy, Dunzo Butterfly, Hind ware, Hilti)

Nov 2021 To Present

- control manufacturing and delivery processes
- plan and implement logistical strategy, ensuring targets are met
- oversee product storage, handling and distribution
- use computer software to track goods from origin to delivery
- work on forecasts and inventories, keeping an accurate record of the process and analysing performance
- manage the costs involved while maintaining quality
- ensure you're aware of exactly what is happening throughout the supply chain
- manage and motivate a team of supply chain staff
- improve the overall supply chain performance and look for any possible innovations to the process
- develop new and existing relationships with suppliers
- manage and minimise the risks (for example operational or reputational) that could affect or interrupt the supply chain
- consider the environmental impact of the supply chain in order to meet sustainability targets
- implement new technologies and stay alert to new trends and developments in the sector.
