Rural Exposure

As a part of the PGDM Program we visited MVSS, Sager, (MP). We visited four villages and applied Participatory Rural Appraisal tools. Through that we have learnt the problem identification and also understood the situation of villages regarding Education, Livelihood, Agriculture, Swach Bharat Mission, etc. It has enriched my knowledge and given me an insight of rural India. The duration of the exposure was one week.

Summer Internship

The Duration was - 16th April – 20th June 2018

Under the Project of **Pradhan Mantri Awaas Yojana** my main work was to create Brand Awareness and Branding Building of the project among the target audience in Jabalpur,

M.P. The main objective of this project was to provide home for all rural and urban homeless people by applying the most effective Marketing Strategies among the stakeholders. The Project topic was **“Formulating and Implementing Marketing Strategy for Pradhan Mantri Awaas Yojana Project of Jabalpur Municipal Corporation.”**

Apart from that in the present research work the Demographic Profile of the customer who booked the houses under the PMAY was studied in detail for further analysis and decisions to take this project ahead.

Industrial Exposure

As a part of the PGDM Programme, our entire batch of students visited, Jaipur (Rajasthan) under the Industrial Trip. The companies which we visited were, HMT, Jaipur Foot, Saras Dairy, and World Trade Park Mall. We learnt a lot about the functioning of these Companies.

Live Study

Coca-Cola Jabalpur, (M.P.)

The Duration was 1 Week

We did a live project for a week under the Marketing Specialization in Coca-Cola, Jabalpur (M.P.). In this project we did a Market Research under which we studied various aspects of **Logistics and Supply Chain** Management and Marketing like Product Marketing, Product Development, Branding, Demand Forecasting, Product Analysis, Financial Analysis, Business Analysis, Retailing and Customer Satisfaction. An individual report was prepared on which Viva Voce was also taken.

Equipments Worked on

Different Pumps, Boilers, Gear Boxes, Agitators, Rotary Feeders, Mechanical Seals, Dryers, Tanks, Pressure Vessels etc.

Industrial Training

NTPC Barh, Patna.

The Duration was - 1st April 2014- 30th April 2014

Barh Super Thermal Power Station or NTPC Barh Around 3,300MW of coal-generated power is being added at Barh near Patna in Bihar, India. The plant is being constructed in two stages with 1,980MW in Barh I and 1,320MW in Barh II. The coal-powered facility has been named a 'mega power' project, and is owned by Indian energy company National Thermal Power Corporation (NTPC) and I learnt how to generate electricity from coal and how to operate boiler and Thermal Power Plant.
