## Career Objective

A motivated individual with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills. To work as a Software Engineer applying my knowledge in the field of testing, designing, and maintenance to cater to the specific needs of the people. I wish to work in a team of motivated individuals who wish to work towards the advancement of the company and its goals. Interested in the role of a Software Engineer where I can contribute my analytical skills and knowledge acquired by pursuing my **degree in Software Engineering**. Looking for a dynamic and progressive company where my skills are utilized in the maximum way possible. Looking for an entry-level position as a Software Engineer in a dynamic firm that values my analytical and technical skills and provides scope for updating my knowledge, I seek a company that will help me contribute to its development while concurrently aiding my personal growth. I have completed my Full Stack Development from Digital-Lync institute from Hyderabad
