BFA (Applied Arts) | UG
Mangalayatan University
- Proficiency in design software: BFA Applied Arts made me learned how to use software such as Adobe Creative Suite, AutoCAD, and SketchUp to create digital designs and visualizations. Proficiency in these programs.

- Creative problem-solving: I am trained to use creativity and critical thinking to solve complex problems. This skill set is highly valued in many fields, including advertising, marketing, and product design.

- Portfolio development: Throughout the studies, I develop a strong portfolio of work that showcases my skills and abilities.

- Collaborative teamwork: Working in collaborative teams to complete projects. This experience helped me to develop strong communication and teamwork skills.

- Attention to detail: Learned how to carefully analyze and evaluate visual communications, and to pay close attention to every element of the designs.

New Delhi, India

Graphic Designing | Motion Graphics
Arena Animation
